### **Independent Auditor's Report**

Board of Directors Surdna Foundation, Inc. New York, New York

We have audited the accompanying financial statements of Surdna Foundation, Inc. (the "Foundation"), which comprise the statements of financial position as of June 30, 2016 and 2015, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Surdna Foundation, Inc. as of June 30, 2016 and 2015, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matter

The supplemental information is presented for purposes of additional analysis of the financial statements, and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The supplemental information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information is fairly stated in all material respects in relation to the financial statements as a whole.

BDO USA, UP

### Notes to Financial Statements

### 1. Description of the Organization

The Surdna Foundation, Inc. (the "Foundation") is a family foundation established in 1917 by John E. Andrus and incorporated under the Not-for-Profit Corporation Law of the State of New York. The Foundation seeks to foster just and sustainable communities in the United States – communities guided by principles of social justice and distinguished by healthy environments, strong local economies, and thriving cultures.

#### Location:

330 Madison Avenue 30<sup>th</sup> Floor New York, New York 10017-5001 www.surdna.org

#### Directors:

Jocelyn Downie Director and Chairperson of the Board Peter B. Benedict, II Director and Vice Chairperson Lawrence S. C. Griffith Director, Secretary and Treasurer Bruce Abernethy Director Elizabeth H. Andrus Director Judy Belk Director Carra Cote-Ackah Director John F. Hawkins Director Kelly D. Nowlin Director Tracy Palandiian Director Michael S. Spensley Director Gwen Walden Director

### 2. Summary of Significant Accounting Policies

### (a) Basis of Presentation

The financial statements of the Foundation have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). In the statement of financial position, assets are presented in order of liquidity or conversion to cash and liabilities are reflected in order of their maturity resulting in the use of cash, respectively.

#### (b) Financial Statement Presentation

The classification of the Foundation's net assets and its support, revenue and expenses is based on the existence or absence of donor-imposed restrictions. It requires that the amounts for each of three classes of net assets, permanently restricted, temporarily restricted, and unrestricted, be displayed in a statement of financial position and that the amounts of change in each of those classes of net assets be displayed in a statement of activities.

### **Notes to Financial Statements**

These classes are defined as follows:

- (i) **Permanently Restricted** Net assets resulting from contributions and other inflows of assets whose use by the Foundation is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Foundation.
- (ii) **Temporarily Restricted** Net assets resulting from contributions and other inflows of assets whose use by the Foundation is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the Foundation pursuant to those stipulations. When such stipulations end or are fulfilled, such temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities.
- (iii) Unrestricted The part of net assets that is neither permanently nor temporarily restricted by donor-imposed stipulations. If a part of net assets is restricted and those restrictions are satisfied in the same year, then this part of net assets should be classified as unrestricted.

### (c) Cash and Cash Equivalents

The Foundation considers all cash and highly liquid debt instruments purchased with an original maturity of three months or less at time of purchase to be cash equivalents.

### (d) Investments at Fair Value

Financial instruments are carried at fair value. The Foundation adopted Accounting Standards Codification ("ASC") 820, "Fair Value Measurement". This statement defines fair value, establishes a framework for measuring fair value and expands the disclosures about fair value measurements. ASC 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in a principal or most advantageous market. Fair value is a market-based measurement that is determined based on inputs, which refer broadly to assumptions that market participants use in pricing assets or liabilities. These inputs can be readily observable, market corroborated, or unobservable. ASC 820 established a fair value hierarchy, which prioritizes the inputs to valuation techniques used to measure fair value in three broad levels. The standard requires that assets and liabilities be classified in their entirety based on the level of input that is significant to the fair value measurement. Assessing the significance of a particular input may require judgment considering factors specific to the asset or liability, and may affect the valuation of the asset or liability and their placement within the fair value hierarchy. The Foundation classifies fair value balances based on the fair value hierarchy defined by ASC 820 as follows:

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis. Valuation adjustments and block discounts are not applied to Level 1 instruments.

Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

Investments in equity securities with readily determinable market values and investments in debt securities are valued at their fair values in the statements of financial position. Income from investments, including unrealized gains and losses, are reported in the statement of activities as change in unrestricted net assets unless the use of the income is limited by donor-imposed restrictions.

### Notes to Financial Statements

### (e) Securities Transactions and Portfolio Valuations

Securities transactions and related income and expenses are recorded on a trade date basis. The Foundation's investments in securities are valued at market value on the financial statement date based upon the last reported sales price on the largest recognized exchange on which they are traded or, if no trading took place on that date, at the last quoted "bid" price for investments in securities owned. The resulting unrealized gains and losses are included in the statements of activities.

### (f) Program-Related Investment

The Foundation entered into loan agreements that qualify as Program-Related Investments ("PRIs") in accordance with Section 4944 of the Internal Revenue Code (the "IRC"). The Foundation is permitted to make investments that are related to its philanthropic programs. These investments are in the form of loans and equities and are anticipated to have a less than market return. In the year of the PRI investment, the Foundation receives a credit toward its 5%distribution requirement imposed by the IRC on private foundations. The return of principal from a PRI increases the Foundation's 5%distribution requirement in the year of receipt. These investments are recorded at cost net of appropriate reserves for collectability. Outstanding program-related investments totaled \$3,102,518 and \$954,980 as of June 30, 2016 and 2015, respectively. The agreed-upon rate of interest from the PRIs ranges from .5% to 2% per annum. PRI reserves are based on a review of borrowers' credit risks, including consideration of the financial strength of borrowers, the nature of the investments, payment history, and current economic conditions. The Foundation has reserved \$-0- as of June 30, 2016 and 2015. There were no loans more than 30 days past due as of June 30, 2016 and 2015. The Foundation had open program-related investment commitments of \$274,180 and \$475,051 as of June 30, 2016 and 2015, respectively.

#### (g) Fixed Assets

Fixed assets are stated at cost or at their fair market value at the time of their purchase or donation. The Foundation capitalizes additions in excess of \$5,000 that are purchased or donated if the estimated useful life is greater than one year. Depreciation is computed over the estimated useful lives of the assets by the straight-line method for financial reporting as follows:

Furniture, fixtures and equipment Leasehold improvements

5 years 11 years or life of lease, whichever is shorter

#### (h) Impairment of Fixed Assets

The Foundation follows the provisions of ASC 360-10-35, "Accounting for the Impairment or Disposal of Long-Lived Assets," which requires the Foundation to review long-lived assets, including property and equipment and intangible assets, for impairment whenever events or changes in business circumstances indicate that the carrying amount of an asset may not be fully recoverable. An impairment loss would be recognized when the estimated future cash flows from the use of the asset are less than the carrying amount of that asset. For the years ended June 30, 2016 and 2015, there have been no such losses.

### Notes to Financial Statements

#### (i) Income Taxes

The Foundation is exempt from Federal income taxes under Section 501(c)(3) of the IRC, except for any income derived from unrelated business activity. Taxes of \$1,500,000 and \$-0- were paid on unrelated business income in 2016 and 2015, respectively. The Foundation has been classified as a "private foundation". Provisions have been made for Federal excise tax on net investment income.

The IRC provides that each year the Foundation must make certain minimum qualifying distributions equal to approximately 5% of the average fair market value of its assets. The minimum distribution requirements for the fiscal years ended June 30, 2016 and 2015 has been satisfied.

#### (j) Uncertainty in Income Taxes

Under ASC 740, an organization must recognize the financial statement effects of a tax position taken for tax return purposes when it is more likely than not that the position will not be sustained upon examination. The Foundation does not believe there are any material uncertain tax positions and, accordingly, it has not recognized any liability for unrecognized tax benefits. The Foundation has filed IRS Form 990 tax returns, as required, and all other applicable returns in jurisdictions where it is required. For the years ended June 30, 2016 and 2015, there was no interest or penalties recorded or included in the statement of activities. The Foundation is subject to routine audit by a taxing authority. As of June 30, 2016, the Foundation was not subject to any examination by a taxing authority.

### (k) Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### (I) Concentration of Credit Risk

Financial instruments which potentially subject the Foundation to concentration of credit risk consist primarily of cash and cash equivalents in excess of Federal Deposit Insurance Corporation ("FDIC") insurance limits. At various times during the year, the Foundation may have cash deposits at financial institutions in excess of FDIC insurance limits. These financial institutions have strong credit ratings and management believes that credit risk related to these accounts is minimal.

#### (m) Recently Adopted Authoritative Guidance

Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, "Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)." ASU 2015-07 was issued to address diversity in practice related to how certain investments measured at net asset value ("NAV") with redemption dates in the future (including periodic redemption dates) are categorized within the fair value hierarchy. The amendments eliminate the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. As such, certain fair value levelling disclosures are no longer required; although information must be disclosed so that users can reconcile amounts reported in the fair value hierarchy to the statement of financial position. The amendments are effective retrospectively for annual reporting periods beginning after December 15, 2016. Early adoption is permitted. The Foundation has elected to early adopt the ASU.

### Notes to Financial Statements

### (n) Accounting Pronouncement Issues But Not Yet Adopted

(i) Not-for-Profit Entities (Topic 958) and Health Care Entities (Topic 954) — Presentation of Financial Statements of Not-for-Profit Entities

In August 2016, the FASB issued ASU 2016-14, "Not-for-Profit Entities (Topic 958) and Health Care Entities (Topic 954) - Presentation of Financial Statements of Not-for-Profit Entities." The ASU amends the current reporting model for nonprofit organizations and enhances their required disclosures. The major changes include: (a) requiring the presentation of only two classes of net assets now entitled "net assets without donor restrictions" and "net assets with donor restrictions", (b) modifying the presentation of underwater endowment funds and related disclosures, (c) requiring the use of the placed in service approach to recognize the expirations of restrictions on gifts used to acquire or construct long-lived assets absent explicit donor stipulations otherwise, (d) requiring that all nonprofits present an analysis of expenses by function and nature in either the statement of activities, a separate statement, or in the notes and disclose a summary of the allocation methods used to allocate costs, (e) requiring the disclosure of quantitative and qualitative information regarding liquidity and availability of resources, (f) presenting investment return net of external and direct expenses, and (g) modifying other financial statement reporting requirements and disclosures intended to increase the usefulness of nonprofit financial statements. The ASU is effective for the Foundation's financial statements for fiscal years beginning after December 15, 2017. Early adoption is permitted. The provisions of the ASU must be applied on a retrospective basis for all years presented although certain optional practical expedients are available for periods prior to adoption. Management is currently evaluating the impact of this ASU on its financial statements.

(ii) Revenue From Contracts With Customers (Topic 606)

In May 2014, the FASB issued ASU 2014-09, "Revenue from Contracts with Customers (Topic 606)," which is a comprehensive new revenue recognition standard that will supersede existing revenue recognition guidance. The core principle of the guidance is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The FASB issued ASU 2015-14 that deferred the effective date for the Foundation until annual periods beginning after December 15, 2018. Earlier adoption is permitted subject to certain limitations. The amendments in this update are required to be applied retrospectively to each prior reporting period presented or with the cumulative effect being recognized at the date of initial application. Management is currently evaluating the impact of this ASU on its financial statements.

(iii) Leases (Topic 842)

In February 2016, the FASB issued ASU 2016-02, "Leases (Topic 842)," to increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the statement of financial position and disclosing key information about leasing arrangements for lessees and lessors. The new standard applies a right-of-use ("ROU") model that requires, for all leases with a lease term of more than 12 months, an asset representing its right to use the underlying asset for the lease term and a liability to make lease payments to be recorded. The ASU is effective for the Foundation's fiscal years beginning after December 15, 2019 with early adoption permitted. Management is currently evaluating the impact of this ASU on its financial statements.

### Notes to Financial Statements

#### (o) Reclassifications

Certain information in the prior year's financial statements has been reclassified to conform with the current year's presentation. There was no impact on the change in net assets.

#### 3. Investments at Fair Value

The Foundation's assets recorded at fair value have been categorized based upon a fair value hierarchy in accordance with ASC 820. See Note 2 for a discussion of the Foundation's policies regarding this hierarchy.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2016 and 2015.

#### Short-Term Investment Fund

Fair value is based upon the NAV of the shares held by the Foundation. NAV is based upon the fair value of the underlying investments. The Foundation's investment in the short-term investment fund may be redeemed daily. There are no redemption fees or notice periods and no unfunded commitments as of June 30, 2016 and 2015.

#### Mutual Funds

Valued at unadjusted quoted market prices which represent the NAV of shares owned by the Foundation at year-end.

#### Equities

Valued at the closing price reported on the active market in which the individual security is traded.

#### Collective Investment Funds

Fair value is based on the NAV reported by the fund as determined by the sponsor of the funds. The Foundation's investments in the short-term investment funds may be redeemed daily. There are no redemption fees or notice periods and no unfunded commitments as of June 30, 2016 and 2015.

### U.S. Treasury Bills

Valued at quoted market prices in an active market in which the debt security is traded.

#### Limited Partnerships and Hedge Funds

Valued at the NAV of the interest owned by the Foundation at year-end. The NAV per share is determined by dividing the total fair value of the partnership's or hedge fund's investment portfolio investments and other assets, less any liabilities, by the total number of shares outstanding.

### **Notes to Financial Statements**

The following tables present the level within the fair value hierarchy at which the Foundation's assets are measured on a recurring basis at June 30, 2016 and 2015:

June 30. 2016

<sup>\*</sup> Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of financial positions.

There were no transfers between levels during the year ended June 30, 2016. The Foundation had no assets that were measured at fair value on a non-recurring basis during the years ended June 30, 2016 and 2015.

### Notes to Financial Statements

In accordance with ASU 2009-12, "Investment in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)," the Foundation expanded its disclosures to include the category, fair value, redemption frequency, and redemption notice period for those assets whose fair value is estimated using the NAV per share or its equivalent for which the fair value is not readily determinable:

### (a) Investments in Investment Partnerships and Investment Companies

The investment entities, which comprise a portion of the Foundation's investments, invest in various domestic and international types of securities and derivative financial instruments.

Redemptions of the Foundation's investments in these investment entities vary, but are primarily available at month-end, quarter-end, or year-end with appropriate notice. Management fees and incentive fees are charged by these investment entities at an annual rate ranging from .5%to 2.0% plus an incentive allocation, usually 20% of profits. These fees are included in the equity in net income of investments in investment partnerships and investment companies in the accompanying statements of activities.

#### (b) Risks and Uncertainties

In the normal course of business, the Foundation enters into transactions in various financial instruments with off-balance sheet risk. Market risk represents the potential loss that can be caused by a change in the fair value of the financial instrument. Liquidity risk represents the possibility that the Foundation may not be able to rapidly adjust the size of its positions in times of high volatility and financial stress at a reasonable price.

### (c) Offsetting of Assets and Liabilities

The Foundation's exchange-traded futures contracts are subject to master netting agreements and collateral agreements with its counterparties. These agreements generally provide the Foundation with a right of offset under master netting arrangements, including in the event of default or bankruptcy of either party to the transactions. The Foundation presents its assets and liabilities subject to such arrangement on a gross basis in the statement of financial position.

### Notes to Financial Statements

As of June 30, 2016 and 2015, the total gross exposures of the Foundation's assets at fair value amount to \$-0- for both years. The Foundation has pledged, as collateral, financial instruments in the amounts of \$11,322,942 and \$9,940,913 for all derivative assets, providing an overall positive net exposure in the amount of \$11,332,942 and \$9,940,913 as of June 30, 2016 and 2015, respectively.

### 4. Fixed Assets, Net

Major classes of fixed assets, net, consist of the following:

June 30,	2016	2015
Furniture and fixtures	\$ 153,532	\$ 144,851
Equipment	431,231	400,031
Leasehold improvements	1,333,097	1,333,097
Art work/ photographs	84,400	84,400
Total fixed assets	2,002,260	1,962,379
Less: Accumulated depreciation and amortization	(1,482,606)	(1,307,096)
Fixed assets, net	\$ 519,654	\$ 655,283

The depreciation and amortization expense for the year ended June 30, 2016 and 2015 totaled \$175,510 and \$190,769, respectively.

### 5. Grants Payable

Of the grants approved by the Board of Directors through June 30, 2016 and 2015, \$21,742,000 and \$22,955,300, respectively, are payable to grantees and are subject to satisfaction of certain conditions by the grantees before payment is made. Any noncompliance with the grant requirements will result in the return of funds by the grantees.

Future grant payments consist of the following:

2017	\$16,277,000
2018	5,465,000 \$21,742,000

#### 6. Federal Excise Tax

Under the IRC, the Foundation is assessed a 2%excise tax on net investment income. Net investment income does not include the increase or decrease in unrealized gains. The excise tax is reduced by 1%if the Foundation meets certain distribution requirements under Section 4940(e) of the IRC. The Foundation incurred \$1,006,222 and \$1,686,102 excise taxes during the years ended June 30, 2016 and 2015, respectively. The Foundation recorded an excise tax receivable and excise tax payable of \$1,539,236 and \$(954,542), respectively, as of June 30, 2016 and 2015 related to prepaid tax amounts which are due and recoverable on future returns.

### Notes to Financial Statements

#### 7. John E. Andrus Trust

The Foundation is a 45% income beneficiary of, and remainderman beneficiary in, Trust u/w John E. Andrus (the "Trust"). The expiration term of this Trust is determined on the measuring lives of specific beneficiaries, as specified in the Trust instrument.

The Foundation is also an income beneficiary of the Trust. Income from the Trust is received provided that the total principal of the Trust exceeds a specified amount, and that there exists excess income after payments are made for certain purposes indicated in the trust agreement. In fiscal year 2014, the Foundation received approval for an additional receipt of approximately \$23,000,000 in cash, of which \$10,022,867 was received. In fiscal year 2015, the Foundation received \$14,485,517, which represented the end of the Foundation's interest in the Trust.

#### 8. Retirement Plan

The Foundation has a defined contribution retirement plan for substantially all employees. Contributions under the retirement plan represent safe harbor and profit sharing contributions, which are calculated as 3% and 9% respectively, of the participant's salary, Retirement expense for the years ended June 30, 2016 and 2015 for the pension plan and annuity policies was \$349,094 and \$388,386, respectively.

#### 9. Commitments

(a) The Foundation is subject to a noncancellable operating lease for office space that requires minimum annual rental payments of \$884,580 as of June 30, 2016, with escalations through the lease termination in December 2017. In addition, the lease requires payment of escalations in utilities, real estate taxes and other expenses. Minimum lease commitments are summarized as follows:

Fiscal Year	Net Leases
2017	\$1,146,560
2018	588,280
	\$1,734,840

Rent expense, including lease payments, utility escalations and other charges, for the years ended June 30, 2016 and 2015 was \$959,892 and \$987,503, respectively.

(b) The Foundation has agreements with various investment advisory firms. Under the agreements, the investment managers are authorized to trade the Foundation's portfolio at their discretion within investment guidelines established by the Foundation. Fees for services are based on the market value of portfolio assets under management. Fees incurred for the years ended June 30, 2016 and 2015 were \$2,758,398 and \$3,040,600, respectively.

### Notes to Financial Statements

(c) As of June 30, 2016, the Foundation is a limited partner under the terms of various partnership agreements. Under the agreements with various investment management firms, the Foundation was committed to contribute capital of approximately \$131,400,000 of additional investment to certain limited partnerships based on the term of the investment period as defined in each partnership agreement. While not every partnership draws down all committed capital and in the same period some partnerships may return income distributions and capital, the Foundation estimates it may need to fund additional investments totaling approximately \$3,250,000 in 2017.

#### 10. Related Parties

Some of the Foundation's directors also serve as directors on the boards of the John E. Andrus Memorial, Inc., Julia Dyckman Andrus Memorial, Inc. and the Helen A. Benedict Foundation, Inc. Transactions between the Foundation and John E. Andrus Memorial, Inc. and Julia Dyckman Andrus Memorial, Inc. consist of paid grants totaling \$2,400,000 and \$2,401,000 for the years ended June 30, 2016 and 2015, respectively.

### 11. Broker Agreements

The Foundation has agreements with several investment managers to carry its accounts. The managers have discretion over these assets and, from time to time, cash balances may be due.

Some securities and cash positions serve as collateral for any amounts due to brokers as well as collateral for securities sold, not yet purchased or purchased on margin.

The Foundation is subject to credit risk if the investment managers are unable to repay balances due or deliver securities in their custody.

#### 12. Subsequent Events

The Foundation has evaluated subsequent events through February 28, 2017, which is the date these financial statements were available to be issued and there were no subsequent events requiring adjustment to the financial statements or disclosures as stated therein.
